

To offer the people of Muscatine and of similar cities in other nations opportunities to get acquainted—to understand one another as individuals, as members of their community, as citizens of their country, and as part of the family of nations.

### Message From President

Dear Fellow Citizen:

I hope this finds you and your loved ones safe and well during this challenging time.

We will continue to monitor the status of the COVID-19 pandemic and would like to hear back from you. Even though we changed our way of conducting business, our mission as an organization stays the same.

Since our founding in 1986, Muscatine Sister Cities has brought communities across the world together as we continue to promote peace and understanding through our global work today. Please stay connected to our partners around the world and let them know that we are thinking of them.

Thank you for your support!

John Dabeet  
Muscatine Sister Cities President

### Message from Ramallah

Greetings from Ramallah, Palestine,

We are sending a message of solidarity from Ramallah to all our friends in our sister cities from around the world as all nations face the corona virus pandemic. This is a time to unite and interconnect. We should also show gratitude to all those working selflessly to combat this vicious virus. Together we can contribute to resolving this crisis, act responsibly by working within our communities, and raise more awareness about the importance of staying home.

### Message From Ludwigslust

Dear friends in Muscatine,

Whenever the corona pandemic is no longer threatening mankind, I would like to intensify our partnership with Muscatine again. I really wish that it would be successful to exchange delegations and possibly give young people the opportunity to visit each other and in each case learn to know and value the other culture.

I am looking forward to news from Muscatine and wish you above all good health.
